## LINCOLN WAY

Is the All Important Subject of The Day.

Citizens Along Bardstown Road Working Hard To Secure The Road—Meeting at Bardstown.

The Bardstown Commercial Club held an enthusiastic meeting at the courthouse Monday night and as a result a big mass meeting will be held there at a future date to push along the Lincoln boulevard proposition.

A committee composed of R. H. Ebelin, R. N. Cook, R. C. Cherry, N. R. Haydon, J. W. Shaubert, together with B. P. Grigsby, president of the club, was appointed to make all necessary arrangements for the meeting. The Commercial Club, of Louisville, citizens of Jefferson, Spencer, Ballard and Larue counties will join with Nelson and the road will be built.

The citizens along the Lincoln way in Jefferson county usually get a thing when they go after it, and with the help of the people along the road to Bardstown, the "Lincoln Way" should be the Bardstown road way.

The Buechel Commercial Club met Monday night and preparations were made for the question of the "Lincoln Way" is the best to travel on and which passes through the best country will be the road that will be known as the "Lincoln Way." The old L. & N. pike out of Louisville is the way that is calculated to receive the honor but if the people along the Bardstown road improve their thoroughfare to such an extent that it will be more desirable to travel over, the question of the "Lincoln Way" will be easily decided in their favor. Let everybody to be helped by this movement and those who believe this is the best way donate liberally to the fund. It's true that the distance of the L. & N. pike is two miles shorter than the Bardstown pike, but as the latter way passes through a better country and more beautiful, it is the way that should be known as "Lincoln Way."

### Midnight in the Ozarks

and yet sleepless Hiran Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

### Child Badly Burned.

Clarence Winand, the fourteen-month-old son of Mr. and Mrs. J. D. Vaughn, of Louisville, was severely burned last Thursday by falling on a range door. Mr. and Mrs. Vaughn are both well known here, the latter being the daughter of Mr. and Mrs. W. A. Winand.

## GET READY

For The Electric Light Plant For Jeffersontown.

Question Will be Put to the Citizens of This Vicinity on April 19th and 20th. Time To Act.

The Jeffersonian has been instructed by the parties interested in installing an electric light plant at this place to give notice to the citizens that they would have a mass out here on April 19th and 20th for the purpose of placing the matter before the people and ascertaining how many houses can be lighted. In other words, they desire to see if they can secure enough business to justify them in investing in a lot and installing the plant, which will cost several thousand dollars.

A representative of The Jeffersonian called upon the parties Monday and was told that there was plenty of money behind the men who want to give us light, and that the citizens would not be asked to donate one cent. All that shall be asked is that they state to the man who will be here on the 19th and 20th, how many rooms each person desiring electric lights will have. At this time you will not be asked to consider the lights, but give the promoters of the enterprise some idea of just how much business they can secure in order that they can place a fair rate upon lighting the houses. The town trustees will also be asked how many lights will be required for lighting the town.

There is no need of The Jeffersonian calling attention to the advantages of having an electric light plant at this place. The citizens, and especially the property holders, realize at once the value of an enterprise of this kind here. There is left but one thing for us to do, and that is meet the parties behind the movement more than half way by agreeing to put electric lights in our houses. The town trustees have very wisely done their part in the way of offering inducements and the Commercial Club has endorsed the proposition. It will be put up to the citizens on the 19th and 20th. Now, the question is—what are you going to do about it? Are you going to help this concern and thereby help your community, or are you going to refuse to do so? Let's all get right progressive and see that the electric light plant is installed.

## BASEBALL LEAGUE

Formed. Composed of Shelbyville, Lagrange, Jeffersontown, Simpsonville, Lakeland, Etc.—Play on Saturday

A Saturday afternoon baseball league, to be known as the "Trolley League," was formed this week and is composed of the teams of Shelbyville, Lagrange, Jeffersontown, Simpsonville, Lakeland and one other team.

Mr. Foreman, of Spaulding, Louisville, is president of the Trolley League. Walter Harris, is manager of the Jeffersontown team, Barto Roemle, captain, and the line-up as follows: McGuinness, pitcher; Mattingly, catcher; Harris or Beard, 1 b.; Duncan 2 b.; Baker, s. s.; Sullivan, 3 b.; Roemle, 1 f.; Whitlock, c. f.; Waterson or Davis, r. f.

The local boys have no grounds of their own, and as a matter of course will be compelled to play on grounds at other places. Our progressive citizens would do a good thing for the town by starting a subscription for the purpose of buying suitable grounds for this purpose. A baseball league advertises the town and helps move things in many ways. Let's catch step with other progressive towns.

### Says Claim is Correct.

L. L. Dorsey, who has been cited to appear before the Fiscal Court in regard to the numerous claims for sheep killed by dogs, says that there is nothing wrong with his accounts for the reason that he only raises sheep that are assessed at \$16.50, imported breed, while other sheep are assessed at \$4 a head. He said he was doing the best in his power to put an end to sheepkilling dogs. Mr. Dorsey appeared before the court twice, but the court was in session for several hours and Mr. Dorsey had to leave. ## FORM ASSOCIATION

Farmers in Jefferson County's Potato Section Organize a Combine—Means Higher Prices.

Louisville Times: Farmers of the neighborhood of Gillman's Point and St. Matthews, the greatest potato raising section in the country, met Monday evening to discuss plans for the organization of an association for the purpose of obtaining better prices for their crop this season. Robert Hite was named as manager of a temporary organization which was formed at this session. He was authorized to make an investigation into conditions and get an estimate of this season's first crop before a permanent organization will be considered.

The farmers of the section formed a temporary organization last year, resulting in the members obtaining from twenty-five cents to fifty cents higher prices per barrel on their crop. Last season the organization also handled the wheat crop and the members received from eight cents to twelve cents per bushel more than the prices received by others in the same neighborhood who sold independently.

It is said that practically every farmer in that section is anxious to join the association this year. Many are in favor of forming a permanent organization at once, employing an experienced sales agent and a thoroughly equipped office force to handle the big business.

Should the association prove successful this season it is the intention to incorporate the company, and conduct business in a manner similar to that of the Fruit Growers' Association, of California.

Last year more than 125,000 barrels of potatoes were shipped from St. Matthews.

## MASS MEETING

To be Held Saturday to Plan Clean-up Day.

Jeffersonton to be Visited by Prominent Lady Speakers—At Methodist Church Beginning at 2:30.

The committee named by the Commercial Club with the assistance of Miss Theresa McDermott and Louise Owings, teachers of the public school, has arranged an excellent program for the big mass meeting to be held in Jeffersonton Saturday afternoon, beginning at 2:30 o'clock, at the Methodist church. It was announced last week that the meeting would be held at Bruce Hall, but on account of needing a larger room for the gathering that is expected the church was kindly offered to the committee.

Mrs. John A. Stratton and Miss Emily Yunker, two prominent ladies of Louisville, who are connected with the Outdoor and Civic League and who have had much experience in cleaning and beautifying the city, have agreed to come out and tell what has been done, and how the work of cleaning has been accomplished in Louisville. Miss Yunker has several stereoscopic views that she will present, giving a talk on same. Mr. W. H. Lucas, assistant superintendent of city schools, has kindly consented to bring his lantern and use it for Miss Yunker.

Suggestions and talks will be made by local citizens. Every body is invited to come and take part in the meeting. All arrangements will be made for a general clean-up day, which will probably be set for the following Saturday. Several teams, wagons, trucks, etc., have already been promised. Come ready to offer something of the kind yourself. Our enterprising teachers have been on-trying in their efforts to make this gathering a success and on the day of the cleaning the children will be out in full force to do their part.

A little surprise in the way of a souvenir will be given to each family represented at the mass meeting next Saturday. Come and see what it will be.

The Commercial Club has offered a prize of \$5.00 for the best cleaned piece of property in this vicinity after the clean-up is made. Those desiring to compete must enter the contest by giving their names to any member of the committee, composed of Messrs. McDermott and Owings and Messrs. Tyler, Erdman and A. H. Hight before the clean-up day. Some of the church members have spoken of entering the church lots, which would be a splendid thing to do. Either owner or tenant of property may enter and it is hoped to have a large number to compete for the prize. Judges will be selected at the mass meeting Saturday.

Don't forget the place, date and time—at Methodist church, April 15, at 2:30 p. m. Come and bring some one with you.

## 6 PER CENT DISCOUNT

J. Bacon & Sons Again Demonstrate Their Liberty To Country People—Read Their Offer.

J. Bacon & Sons announce in this issue of The Jeffersonian that between the dates of April 17 to May 13 they will allow a discount of 6 per cent. to all out-of-town customers, no matter how great or how small the purchases. This is undoubtedly the best offer ever made to country people.

Not long since J. Bacon & Sons and Stewart Dry Goods Company withdrew from all merchant's associations, and are now offering special inducements themselves to out-of-town buyers. Unlike some of the other department stores in Louisville these two firms are demonstrating the fact that they want country trade by going after it in the right way—offering best inducements and advertising in the country newspapers. As a result they are getting the business.

Read J. Bacon & Sons' announcement in this week's paper concerning the 6 per cent discount and profit thereby.

## DE LAVAL

AN HONEST CAPACITY  
CREAM SEPARATOR

All separators are rated at so many pounds of whole-milk per hour. DE LAVAL machines range in capacity from 1500 to 135 pounds of whole-milk per hour, and the price depends largely upon capacity. We make the claim that under any and all conditions a DE LAVAL machine rated at 450 pounds capacity will skim as much whole-milk in an hour as any "would-be" competitive machine rated at 600 pounds per hour, and we have proved this statement so often in actual contests, that it has come to be an accepted fact by all well-informed dairymen. Every DE LAVAL separator is tested for capacity before it leaves the factory, and we guarantee every machine to separate its full rated capacity.

Before you buy a Cream Separator see and try a De Laval

Have one set up at your house and test it alongside of any other machine you like for capacity, cleanness of skimming and ease of operation. We don't ask you to buy a DE LAVAL upon "claims." We do ask you to be sure and give it a trial before you purchase any separator.

Catalog and full particulars of our "free trial plan" gladly mailed upon application.

This liberal inducement, together with the fact that J. Bacon's are better prepared now than ever before to meet everybody's requirements, whether they be for personal or home use, immediately and conclusively answers the question where you should do your Spring and Summer shopping.

The Only Requirement Necessary to Obtain the 6 per cent Discount is to Show Your Railroad Ticket at the Discount Desk.

Remember, there are no strings tied to this proposition whatever. You do not have to buy a certain amount of goods in order to get the discount—but you get the discount on whatever you buy, whether it will be one or one hundred dollars' worth.
